

February 9  
1966

Mr. Mitchell A. Wilder, Director  
The Amon Carter Museum of Western Art,  
3501 Camp Bowie Blvd.  
Fort Worth, Texas.

Dear Mr. Wilder:-

On behalf of the entire Board of Trustees of the Indian Arts Fund, we want to thank you again for your magnificent presentation of material from our collection, and for the gracious hospitality you, your Museum Trustees and your staff extended to us. It seems to us that this was quite without parallel, and we are very grateful for your generosity in making it possible for a number of us to join you for the opening of the exhibit.

We were all impressed with the wonderful cooperation and spirit of your staff and the very high quality of the presentation of the material from our collection. We are sure that we speak for the entire membership of the Indian Arts Fund in telling you of the great satisfaction we feel for all you have done to display so elegantly many of the choicest pieces from the collection. And for the fine design and excellent text of the publication we are once more most grateful.

We all wish you every possible success, not only for this exhibit, but for all you do in the future. The diversity of your program and your interest in so many phases of creative work in the west is highly commendable. We are honored that you wished to include our "Quiet Triumph" on your schedule of exhibits.

Most sincerely

---

Dr. Kenneth M. Chapman, Hon. Chairman

---

Laura Gilpin, present Chairman

---

Mrs. Frederick W. Hodge past Chairman
