Dear Cousin Laura,

I want to write you a proper
thankyou for your nice note suggesting
I write a Miss Catherine Farrelly
about finding a house to rent in
Santa Fe. I've done so and several
other people have had suggestions
which have been attended to. So
it would be nice if we really did
make this dream come true!

Thankyou so much for helping.

We really don't care where
we live. Santa Fe or nearby such
as Pojeague or Tesesue, just
so Eric ~~can~~ can write undisturbed,

and we have a minimum of
conveniences in our kitchen, 3 or
4 bedrooms, and a garden or yard.
I think your friend's house might
turn out to be a bit small parti-
cularly if Mother came again to
visit us. We will let the older 2
children go to camp again because
they adore it, but we will want to
find a day camp with swimming
and riding for Emily. She needs
other 8-year-olds to play with.

Cousin Sarah Gilpin Bright is
celebrating her son's 25th wedding
anniversary in two weeks with
a nice big party in town. There will
be many cousins who will be interested
to know we met you last summer.

Happy New Year to you from us all

Geop Gilpin Johnson
