Dear Laura:

Mary and I are indeed sorry that the reception in your honor comes at a time when we are east rather than west. We do want to join your many friends in congratulating you upon your Golden Anniversary. You have certainly had a most distinguished career in photography and all of us owe you an immense debt of gratitude for the pleasure which your pictures have given us.

We will hope to see you after our return in January.

With warm good wishes for Christmas and the New Year,

Most sincerely,

Richard D. Weigle
President
