Dear Miss Gilpin:

I have just talked with Mr. Oscar B. Huffman in Santa Fe about having you photograph an Andrew Wyeth watercolor that he owns. In a previous talk with Miss Dorothy Emmett at the museum they suggested that you could take the painting to their framer and have him remove it from the frame, photograph it and then have him reframe it. This pleases Mr. Huffman who has offered to bring the painting to you. He says that his wife knows you. If not, their address is Route 1, Box 132, Santa Fe, and the telephone number is 455-2501 or, if no answer, 455-2292.

I wish to have an 8 x 10 transparency of the painting and would like to have you take at least four acceptable exposures. We will pay for all film and processing costs in addition to your regular fee.

I will try to call you this afternoon (your phone is not answered at the moment) and will also send this letter to make sure.

Best regards,

Kirk C. Wilkinson
