Dear Miss Gilpin,

I am returning your contacts and prints, except for one portrait of Popovi Da, which we'd like to keep, and one contact sheet showing Tony Da at work. Xeroxes of these two are enclosed; we would like an 8x10 glossy of the marked frame.

The contact sheet will be returned later by either Miss Lillie Leino or Mr. Wentworth Linebarger, who are taking over the Maria Martinez story. We could not make a picture story of the material but the photos are fine as illustrations for an article.

Am I correct in thinking these two pictures part of the Interior Department's assignment, already paid for by Uncle Sam? In that case, what would be your print charge per picture? Mr. Linebarger will put through an order for payment as soon as I hear from you.

Yours very sincerely,

A handwritten signature in blue ink, appearing to read "Ruth Hopkins".
