Santa Fe, New Mexico 87501

Dear Miss Gilpin:

Thank you very much for your letter, order and check in the amount of \$50.00 which was received today.

All items on your order are being entered for prompt shipment with the exception of the first six items of paper. You did not specify F or G surface. If you will let us know the surface wanted we will place your order immediately. It was necessary to cancel the order for one box 5x7 X-Ray Film as we do not carry this product.

McDonald's Pro-Tecta-Cote does not come in a lustre finish. This is obtained by mixing Matte and Clear Pro-Tecta-Cote to the desired lustre that you want. We have entered your order for one quart each Matte and Clear and will ship this to you as soon as a new supply is received.

I am enclosing descriptive literature on McDonald Sprays and also data sheets on Kodak Gravure Copy Film and other Copy Films produced by the Eastman Kodak Company. This is the only descriptive literature we have at this time, however the Eastman Kodak Company will have later this year a new data book on copying entitled "Copying #M-1". If you would like to have this item put on backorder for you we will ship when available.

As soon as you let us know about the photographic paper we will give your order prompt attention.

Yours very truly,

A handwritten signature in blue ink that reads 'W. A. Hunter'.
