The Color Corporation of America
Tampa, Florida.

Dear Sirs:-

Herewith please find two 5x7 Ektacolor negatives and five 2½x3½ C.P.S. The 5x7 negatives look to me as though they were somehow slightly fogged, judging by the margin. I don't know how this could have happened. But they print on Panalure paper alright. Will please make color proofs of these two and a sheet of proofs on the small ones. I enclose \$ 10. on account. I believe I still owe you for one job and will send the check when your bill comes in next week.

Very truly yours,
