Dr. John A. Eisenbeiss, M.D.
Grunow Memorial Medical Building
926 E. McDowell Road,
Phoenix, Arizona.

Dear Dr. Eisenbeiss:-

Would you be able to give me an appointment any time of the week beginning Feb. 6th? I am very anxious to see if there is anything you can do for my back. My own doctor here, Audrie L. Bobb, M.D. will send you her report on my disabilities, and I will come over to Phoenix whenever I can see you.

Would you also be so kind as to suggest some place near your office where I can stay? A Motel or Hotel, it wouldn't matter. As I have never been to Phoenix I am totally ignorant of localities. I have a small amount of work to clean up here this week so that I will be free to stay as long as you require.

Very sincerely yours,
