Mr. Lew Gartner,
HOUSE & GARDEN
420 Lexington Ave.,
New York N.Y.

Dear Mr. Gartner:-

Here are the color transparencies
your requested by telephone.

7 4x5 transparencies
4 2½x3½ transparencies
1 4x5 Ektacolor negative
1 2½x3½ "

As there is no time to get proofs of the color negatives, I send them anyway and if they appeal to you, you can have proofs made easily enough.

In addition to the outdoor Luminarias and Farolitos you requested, I am including one transparency of an interior decoration and also a color shot of a subject I did for my own Christmas card several years ago. The ~~cowss~~ in this one is a native product with inlaid straw. Very charming and beautiful. The candles are modern by a young woman in Las Vegas, New Mexico, who makes them commercially though they are all hand made.

I hope that in the lot you will find one or more that appeal to you. The small negatives of the Romero house, I made just after you first phoned me. These people relighted for New Years, and I made these on New Years Eve just passed. The one with the caption attached is the best and I am really pleased with this one. The others are just different angles of the same thing.

I trust that these will reach you promptly on Monday and that you will forgive my long delay in getting these off to you.

With best wishes,

Sincerely
