Dear Miss Kemper,

Following up our conversation of the 26th,
I am enclosing proof sheets as you requested.

13 Proof Sheets containing
3 8x10 proofs
18 4x5 proofs
28 2 1/2 x 3 1/4.

As I was working in both black and white and color
more or less at the same time, there is not a complete
sequence here, but I trust that the main steps are suf-
ficiently covered.

I am dropping a note to Miss Ruth Hopkins, in room 218
to let her know that I have sent the complete set to you.

After thinking over our conversation I decided to
go out to the Pueblo yesterday. I made a new interior
of the shop with purchasing tourists and an informal
complete family group. I will process these as soon as
I get this in the mail and try to get these proofs off
tomorrow. They will come air mail special delivery.

If there is any further information you wish, I shall
be glad to send it. I also refer you to the biography
of Maria, by Alice Marriot, University of Oklahoma Press
1948. I have enclosed the only two San Ildefonso 35mm
slides that I have, The Black jar is Maria's, the red
Wedding vase is Maria's Aunt, Nicolasa which brings in a
fourth generation.

Hoping this all reaches you in good time and that you
will be able to give me sufficient time to prepare adequate
reproduction prints,

Sincerely yours,
