Dear Mrs. Massey:-

First, my best wishes for the opening of the San Ildefonso Exhibit on the 15th. I hope it will be a real success. It was a most rewarding job to work on out here, in spite of some difficulties which Jim ^{McGrath} may or may not have told you. Once we got really underway, everything went smoothly and the cooperation was excellent.

I enclose my bill which includes ^{both} the making of the photomural and the color work. ^{which I have} ~~which I have~~ already paid. I hope the mural ^{will be} ~~will be~~ effective and of good quality. I don't like to have work delivered unless I O.K. it first, but there was no choice on this. This firm has done excellent work for me in the past and I am relying on that. The color prints I thought were excellent.

It is always a pleasure to work with Jim McGrath. We see very much eye to eye on what to do and I always enjoy any work with the students of the Institute. My kind regards to Mrs. Udall, and I hope we will see you both here before too many months.

Cordially,
