Dr. Lewis M. Overton,
Lovelace Clinic,
Albuquerque, N.M.

Dear Dr. Overton:-

Thank you very much for your mte. I have been trying to get one off to you all week. Though I am on crutches, I am involved in a photographic job for the Institute of American Indian Art which has to be completed by the end of next week. I shall be very pushed to get this all done as I am so slow right now. So, if I could come down to see you any day the week of April 2nd, if that would be agreeable to you. You may recall that come to see you some twelve years ago about my back.

Three weeks ago, I went over to Phoenix to see Dr. Eisenbeiss and to get his opinion as to what is the best thing to do. I took over all the Xrays which had been made here during the past two and half years. He was to return these to Dr. Bobb, but as yet they have not come. I am sure you will want to see these. I am writing now to Dr. Eisenbeiss to see when they were shipped and to whom. I am hoping that you will be able to help me get back to being a more useful citizen.

Cordially
