Mr. Robert O Parks,
University of New Mexico
Albuquerque, N.M.

Dear Mr. Parks:-

Please pardon my long delay in answering your letter. I am somewhat laid up on crutches and it seems to take me forever to get any thing done.

For a long time I have intended to get out some Christmas cards myself, but I just dont seem to have done it, so I shall be glad to cooperate with you on the use of my Church at Picuris. What terms do you give others on such a proposition? Whatever is reasonable I shall be glad to accept. It may now be too late for this year, due to my own delay, but I hope not.

I would very much like to meet you and if you are coming up this way please do drop around. There are a number of things I should like to discuss with you.

The two prints of mine that you now have were purchased by the University last, or early this year. They were two of a list of ten or twelve that Van Coke selected some months ago. I wrote to him then wanting to know the sizes he wished of two of these and I never heard from him. I dont know if you want to follow through on this or not, but we can talk it over. It is hard for me to get down to Albuquerque, but I hope to come down sometime before too long.

With best wishes, I am

Very truly yours,
