

May 8,
1967

Dear Dr. Taylor:-

I had not sent in the bill for the color prints until I received the bill from the Laboratory. This came in to-day. As you requested I have made out two bills, one for making the copies on the color negative material, the other for the large color prints.

These prints should have reached you by the time you receive this, for the laboratory never sends me the bill until the prints have been shipped. I regret not seeing the finished product, but there is no reason why these should not be good, as this laboratory has done excellent work for me in the past.

Hoping that everything is to your satisfaction and that we may see you out here this summer,

Sincerely yours,

May 8th,
1967
