Gentlemen:-

Under separate cover I am mailing you the little light in its housing for my S.E.I. Meter. The bulb seems to be burned out. I do not imagine it is necessary to send the whole meter.

My meter is one brought to me from England and has the British scale. While this is not difficult to convert, I am wondering if it is possible to put on the American scale?

When you have put in a new bulb will you return this C.O.D. for repair or bill me direct and I will remit at once.

Very truly yours,
