Dear Miss Gilpin:

As part of our publication plans for the coming month or so, we are considering the possibility of arranging for the printing of one or two new greeting cards that would be put on sale in the galleries for the Christmas season. Among the possibilities that have been suggested is your photograph, The Church at Picuris (1962), which was given to the University Art Museum's permanent collection last year.

I am writing to you now to ask whether you would consent to let us use your photograph in this way and, if so, under what terms. We would, of course, be prepared to send you a group of the Christmas cards for your own use if and when we proceed with plans to reproduce the photograph.

I hope that before too long I shall have an opportunity to meet you.

Sincerely yours,

Robert O. Parks
