Dear Miss Gilpin:

From your letter of 22 January, I'm glad that you went ahead with making the negatives. I've been slow in replying because this is the end of the first semester : the old one to wrap up and put away; the new one, to begin. The bill for photographing should be sent to me but made out to Humanities Program, Oberlin College. Your check will follow from the Controller's Office of the College.

As to the reproductions: one print each 16 x 20, forty dollars each. I understand from your letter that Color Corporation sends them direct to Oberlin. They, too, should be billed Humanities Program, but mailed to me.

I most deeply appreciate your finding time to help with the project. I've been working on here.

Sincerely,

Warren Taylor
