Dear Mrs. Jeffin

We did so enjoy our little visit with you - and
the joy of looking at some of your truly exquisite
photographs - I'm so eager for the book -

I've got William Garnett's address from Imogen
and was so pleased to hear word of you. He
lives in Napa at 1286 Congress Valley Road.

Imogen recently sent a photograph of one of our
6 year old friends and I have it before me
as I write - you two ladies have a real gift
with people.

I'd give you a warm good wishes to
you and to Miss Foster -

Marion
