Dear Laura:

The Book is wonderful,
beautiful, gossamer - I couldn't put
it down, & everyone who comes in
is delighted with it. You are a
marvelous person, I'm so proud
of you - and I think you have
done something for all humanity -
by revealing, with such warmth
& understanding, the dignity and
charm - & wisdom of the
Newspio people - Congratulations,

and gratitude for a grand
enrichment - I run out of words,
but feel deeply - Cheers for you!
I hadn't seen a lot of the
picture - the rainbow one in
color, especially. Wow! How
fun at the Texas exhibit -
I hope to see you at Christmas
time - Me - Sally Mogan, Perley & I
would love it if you would
have Christmas dinner with us?
At the Compound, if it is open - What
could we arrange about Betty?

Do plan to join us, if you
can -

John Lipsey has just
finished a book about Percy
Hagerman's father - His requests
for info. brought no response from
Laury - Laury & Mary Louise
blew in, briefly, not long ago,
& told me Chuck & his wife
were getting a divorce - She
is a father at ~~San Idlegonso~~
Tongue Village - you probably

know all this. Fanny seemed
happier than I've ever seen him,
almost gay -!

My love to Betsy - I know
the beautiful book dedication
must be a great consolation
to her -

Love, & best wishes, always -
from
Agnes -
