December 27/68

Dearest Laura:

It is so joyous
to hear about you from Amanda
and to know that she
appreciates you as I do.

Life seems to have separated
us but I can never forget the
kindness of the Gilpin family
your darling Mother was
my second Mother and

how well I remember your
your dear Father mixing
the delicious Salad every
night at the Ranch.

Also I remember kissing
your Mother Good bye when
we were leaving for England.

and the tears running down
our faces.

Then it's look all that
I had to guard the children
and visit them at their
schools and to try to show
them as much as I could in
the British Isles and Europe.
Now that I am old and
my memory slipping it
frightens me.

Now my efforts are to try
to get to Heaven!

You have probably heard
that George is a great
surgeon and as dear as he
was when he was a little boy.
Last night at

Mrs. George Fowler
Sharon, Connecticut

George and Diana's house
I enjoyed your glorious
book. What a wonder you
are dear Laura. God bless
you always and take care
of you. Remember you
always have our house to come
to.

Dear will you give yourself a
little treat with the
enclosed.

My love and tons of it
Ever
Gladys.
