Dear Mrs. Farb:-

My sincere apology for being so long in answering your letter. I was on a rush deadline to get ~~as~~ ^{as} ready for Albuquerque by the end of May and since then I seem to have been just as busy. Not that I really am that busy, I am on crutches with a bad back and hip and I am just that slow.

First, my thanks for the catalogues you sent. I have enjoyed studying them. As far as I know I am sure that I will be here in early August and will be very happy to see both you and Mr. Farb when you come to Santa Fe. It will be a pleasure to meet you, and have a talk on photography and Indians.
