Dear Mr. Hill:-

My apology for being so long in answering your letter, but I have been in the midst of preparing the index for my ~~book~~ which turned out to be an enormous job. Mr. Owings called me when he was here about a week ago. He paid me long ago for the Pueblo Bonito picture so there is only the Air Force Academy Chapel picture, for which I enclose an invoice. I am delighted that this is being used.

I am looking forward eagerly to the publication of "The American Aesthetic" and I know Mr. Owings coverage of such a subject will be an event to see in print.

Thanking you for your letter,

Sincerely,
