Dear Mitch:-

A hasty line to wish you and Sally Bon Voyage and do have a good time while you are away. If I know you I am sure you will. While browsing in old book stores and if you happen to see any Gilpin books, pick up for me, if not too expensive. Sawrey Gilpin, William Gilpin, M.A. (late 1700s to early 1800s.) I have two of the latter Observations of River Wye, and Two Essays pub. 1808, (You would be interested in these). I have cousins who probably would want duplicates, but you also might find something I don't know.

I will send over the portfolio of Indian Painting as soon as I can get it properly packaged. The check can come later. I'll get by, somehow one always seems to. As the summer will be spent preparing your and the Institute's shows there won't be much income.

I had wanted to discuss color for your show but I guess when you get back will be plenty of time.

My best to all and the best of success for your summer's undertaking.
