Dear Miss Gilpin:

Thank you for your letter of August 18.

We are sorry to learn that you have misplaced the negatives which we recently processed for you.

We can copy from the proofs, however, there will be a negative charge of \$5.00 each for shooting the negatives from each proof sheet.

We did not know that you were not aware of our prices for 35mm slides, otherwise, we would have notified you. We do not do a volume of 35mm color slide printing, and our prices are considerably higher than those laboratories who specialize in this type of product. Some of our customers prefer that we do all their color photographic reproductions, so we can make 35mm color slides for those who wish this service.

We would suggest that you continue to have your color slide dupes made by the Kodak Company, as their prices are much, much lower than ours.

We shall be on the look out for your film and print requirement.

Yours very truly,

Louise Houser
