Santa Fe, New Mexico 87501

Dear Laura:

Have just spoken with Frank Wardlaw and he advises that the Meriden Gravure Company has assured them of delivery sometime after the middle of November. Therefore, I would say we are safe to set an opening date about December 12, continuing through to early February. This would take us through the Stock Show festivities in late January. In fact, we could close on Ground Hog Day! Isn't that great?

Will get the photo mounts off to you in the next few days. We are up to our laps at the moment, changing show. Please let me know as soon as you can about the blow-ups.

Yours,

Mitchell A. Wilder
Director
