Dear Laura:

Just a line to let you know that we are going back to the wagon picture, as you have requested, for the invitation. I realize that you would prefer the corn and feathers, but everyone on whom I have tried the pictures feels that this is too abstract and not sufficiently identifiable with the Navaho people for the uninitiated.

If you have the two big color prints available, let's put them in and hopefully we will be able to use them in the show. However, I do not feel that we need to order any more, so unless you know there are some gaps which are not being covered, let's stand with what we have.

Please let me know just when we can expect you in Fort Worth.

Yours,

Mitchell A. Wilder
