Dear Cousin Laura,

I recently found your name in Mother's birthday book so I thought I would send you a card!

I hope you are well and happy on your birthday. I gather you are still busy making those beautiful photographs because I saw your name recently in connection with an exhibit.

We are still here in Middlebury and I still have the photo studio—doing all right but have not yet conquered the world!

Our daughters are age 17 and 16—Page a freshman

in college!

Mother is well and still quite active in Winchester going-on.

Do you ever get East anymore? If you should any

With all good wishes

for your birthday

and the year ahead.

time, please plan to come by to see us.

Nancy Lee sends her love—

Much love,

Howard
