

MEMO FROM
Mildred Beardsley

Monday

Dear Miss Gilpin,

Enclosed is an article of interest. No doubt you have visited the Eastman House and perhaps know the director, Mr. Newhall. I haven't visited it in recent years, but it is a Mecca for many people.

I called Jean Moore Saturday night. She has been ill again but said she is packed to go to Cochise, Arizona. She said she was leaving on Sunday, but I can almost guarantee that she is still at the ranch. She said that Horace had come to visit her but didn't stay as long as she expected. She said the weather turned bad and he was in

pain, referring to his broken hip. I'm afraid he couldn't take Jan any longer. It is a terrible thing. I hope she gets to Coihise for she had another auto accident while she was in Tin Cup. She shouldn't be driving!

Our weather has been horrible all November. The radio said this a.m., that we have had the total of 2 hours of sunshine this whole month. Isn't that terrible? Oh, to be in New Mexico where the sun really shines! Perhaps we may soon do just that.

Give our best to Betsy and keep a lot for yourself.

Sincerely yours
Mildred & Bertha
