

Tuesday,

Dear Laura,

I hope you can read all I mean into the only words I
can use: thank you!

I am sure Dad would have been in complete accord with the
kind of direct and sincere yet informal approach you and
Bruce and John gave to the Memorial. It was warmly consoling
to listen to you.

The correction which you most properly made to acknowledge
Dr. Harry Mera's initiation of the Fund was most welcome
to hear. I was about to enter the same objection since
I knew from many family discussions that Harry was the
prime mover. All is now in place thanks to you.

I will be forever grateful to you,

As ever,

Frank (Chapman)
