Dear Miss Golpin,

Thanks so for sending Francis N. Kai
and Family, 1951 general delivery. As I
told you, I would like to have more of
these!

the opening day went nicely with very
enthusiastic response.

Mr. David Vestal 715 Carroll St.
Brooklyn, New York 11215 presently
(until Fri) with Popular Photography
and after that with U. S. Travel and
Camera has requested the following
photos:

Covered Wagon 1934

Navaho Women, child and lambs, 1932

Tom Navaho, Navaho Mountain, 1954

Navaho Boy, Red Rock, 1932

Setah Begay, Medicine Man, 1933

Interior of the Red Rock Trading Post, 1932

Captain William Yellowhair, Navaho Police
Force, 1954

Francis N. Kai and Family, 1951

(please caption photos in back if you send to Vestal
directly, if not we will do)

Mr. Vestal has reviewed our shows before and must have a layout in mind. I urged him to review for both magazines. I gave him a copy of your book. He is in the process of reviewing some books on the Indian and did not have a review copy. Your publisher has not sent any review copies around the New York area from what I can tell!

I hate I give you so many requests and hope we are not exhausting you! But, while and if you are printing please make me 5 more copies of each! The show has a long time to go and I am particularly concerned about the time you are away from your darkroom, when I will have requests to fill.

Mr. Beschin had an announcement of the opening in The Sunday Times (I will send you copies of everything) and it is properly listed all over.

All best wishes and hurrying!
Cecile
