

Dear Laura

Your beautiful book on the
Havago! I can't tell you how we love it
and read your good text and gaze
at the beautiful pictures! Thank you,
very so much. Each of the boys now has
one and also my most artistic friend D.
Jackson. I hope it will be the great success it
should be.

I am tired very weary after having
too people here for the reception - but am
coming up for air - quite a do push 3 days
after. Chestnuts, the Scalby looked like
best decorated with trees with gifts of white
birds - all very keen - lots of champagne
and dancing. No other fun to be had
offensive parties beautiful baby babies
just 1 year old now - so I feel someone
has met me that show! Such a nice
fellow - Stephen Farst - they got off
to Lanterna for a lovely sunny week -
leaving very cold weather here.

I do hope you will be coming
sure to see your publisher or advertising
public - and come to Scalby for a

Wish? My love to you always -
and to Betty - and send us a
line - Love Aff -
hanna.
