Gentlemen:-

Will you please send me a quotation on a 5x7 Derdorf Camera, extra lens boards and a 4x5 reducing back. I am wondering if you might have a light weight camera stand, or a dolly that would fit a Majestic tripod?

Many years ago, I did a lot of business with you. I am still working but am unfortunately on crutches so that I need such a thing as a stand or dolly that I can move about without lifting. I also want to see a brochure on the Mamiya Super Press.

I enclose my check for \$2.95 for one SeeSharp enlarger focuser as quoted in the June Popular Photography.

Very truly yours,
