Mr. Jacob Deschin,
The New York Times,
New York, N.Y.

Dear Mr. Deschin:-

Mrs. Farb telephoned me yesterday after you had been up to the Riverside Museum to take a look at my show. I am very pleased that you went and I hope you found things to interest you. She requested that I mail you immediately the enclosed three prints. These are not glossies but I hope that they will be satisfactory. I think they should be. There was not time to make any new prints, and besides, the negative of the Meeting at Counselor is still in San Francisco. Mr. Welcher has not yet returned my negatives. I wrote him last week that I needed them, but they will be along soon, I hope.

I frequently see your column in the Times and I shall be interested in your opinion of this show as well as the book. This has been a very long time in the making, but at last it is done.

I will appreciate it if it is possible for you to return the prints, either direct to me, or to Mrs. Farb.

With kind regards,

Very truly yours.
