New York, New York 10025

Dear Mrs. Farb:

Thank you for your nice letter, which I hasten to answer and wish I could give you a definite date for my arrival in New York. As of last night, Mr. McGrath called me of further changes in Washington, but the only definite thing he could say was that the show there would open in the first half of March. The moment I know, I will inform you immediately.

Under separate cover I am sending you four new pictures from the book. These are all I have at the moment and I am very pressed on the other show, but I will try to squeeze in time for a few more.

I am very interested that Mr. Capa likes the book and I shall certainly look forward to meeting him if he is back from his trip, which in view of a further delay in Washington, may be possible.

I trust that the prints have reached you, certainly by now. I heard from Fort Worth that they were taken down on the 12th and packed and shipped immediately, and I sincerely trust that everything reaches you in perfect condition. This museum has a skillful and highly efficient staff and I am sure that this will be the case.

It seems to me that you are doing a great deal, publicity-wise, and I hope that the show will merit it when you have it up. I hear from many sources the highest praise of your museum and I can't tell you how much I am looking forward to seeing both you and Mr. Farb again and the setting of your museum.

With best wishes,

Sincerely,

Laura Gilpin
