Dear Oriole:

It seems incredible but not one word have I heard from Emery Air Freight. I am wondering if they have been in contact with you. In filing my claim, my lawyer suggested that we include the fee that I was suppose to get for showing the prints. This I had waived with you for several reasons. The principal one being your very active work in making sales. They just might write to you regarding this and I should have written to you long before now. It seems incredible that the cases of prints could have just disappeared into thin air, but when the District Manager in Denver telephone me after two weeks to tell me to file the claim I was sure that they had somehow been damaged beyond repair.

I am sorry that I have been so long in filling your order for the two prints you wish for the museum, but they will be coming along very soon. The Navaho show was suppose to go to Colorado Springs for the month of November and I took up a substitute show and returned only about ten days ago.

With best wishes to all of you and I hope you will have a successful winter season.

Very truly yours,
