Dear Mr. Kulawas:-

Somehow the past two weeks have flown by before I knew it. I trust that the prints reached you in good time, even though I was a day late in getting them off. And I trust that they met your expectations. I will appreciate your sending me a copy of the magazine when it appears.

I trust that the enclosed bill will be satisfactory to you. After we first discussed this, you requested 11x14 prints and ones for exhibition also, so that we did not mention a final figure.

I should also include here an authorization for your use for these pictures other than in connection with my book which I hereby do.

Ofcourse I am pleased that you wish to use these as you stated over the phone and I shall look forward to seeing your reproductions and the article with which these are to be sued.

With best wishes, I am

Sincerely yours,
