

January 27, 69

Mrs. Edna H. Massey,
Department of the Interior Room 5129
Washington, D.C. 20240

Dear Mrs. Massey,

I have instructed both the General Graphics Services, and the Color Corporation of America, to send the enlargements and the large color prints to Address for the Center to your personal attention. All the other prints will come to you direct from here.

Sorry for all the changes but I think this will all work out for the best. I believe that Jim McGrath is to talk to you to-day and assure you that I quite approve the change of gallery and a postponement to about March 1st.

With the best of wishes,

Hastily
