Texas. 75222

Dear Sirs:-

Enclosed please find four negatives which you processed recently. The order for size and quantity is written on the back of the proofs; a total of fourteen prints.

I notice that two of the negatives have bend marks on them. I am surprised to have this happen at your laboratory. I hope they will not show in the finished prints.

Enclosed is my check for \$25. on this order and will send balance when I receive your final bill.

I trust that you will make good prints with good values and not too pale.

Very truly yours,

Laura Gilpin
