Miss Laura Hilpin

409 Camino del Monte Sol
Santa Fe, New Mex. 87501

Dear Miss Hilpin,

It was good to meet you recently in Fort Worth at the Amer Carter Museum's exhibition of your photographs on The Enduring Navaho.

I have bought four copies of your book from The University of Texas Press. I am keeping one copy for myself and want to give a copy to each of the first grade teachers with whom I am carrying on an experiment on "Developing Mathematical Concepts, Skills, and Abilities with Navajo and Anglo First Graders".

Will you autograph the books for us if I mail them to you?

(2)

I am program chairman for our North Texas Mathematics Conference on February 14-15, 1969 and I should like to surprise each of the first grade teachers with an autographed copy of your book at the conclusion of our Panel Discussion which I am moderating on: "Handmade Visuals Used With Navajo and Anglo First Graders."

The books would need to be autographed to :

1. Ida Mae Heard - Associate Professor Mathematics and Education North Texas State Univ.
2. Velma Massey - Woodrow Wilson School, Denton
3. Sharon Hendricks - NTSU Lab School, Denton
4. Donald & Ollie Wigington - teachers at Mariano Lake School near Gallup, N. Mexico. Ollie teaches first grade and Don teaches third grade. Both Mr. and Mrs. Wigington have taught Navajo Children at this school for three years.

Will there be a charge for your autographs? I will enclose money for mailing.

Sincerely yours,
Ida Mae Heard
