Dear Miss Gilpin:

Please send an 8x10 print of Georgia O'Keeffe's fireplace.
A check for \$20 is enclosed.

I'm sorry that I didn't get your letter until after my return from
Houston yesterday. I would have liked to have seen your Ft.Worth show.

I liked The Enduring Navaho very much...you caught the feeling of the
Navaho being people. It seems to be difficult to capture this
essential simplidty of people anywhere still being people. You did it.
The next book of yours I'd like to buy would be the opposite kind,
one that just shows the sings, the dances, sandpaintings, etc.
From some of the photographs of yours such as those in the Navaho
Ceremonial Museum, I suspect it would be a good one.

Best wishes,
