June 19, 1969

Dear Fellow Member:

It is time again to gather material for the Bulletin. We would like to have information on your activities since June 1, 1968, by July 15, 1969. Please keep in mind the following requests:

1. Keep your statements brief. It is a great help to the editor if contributions are short enough to be used as submitted.

2. Type your statements if possible. Otherwise, please print all foreign names, geographical names, and technical terms. If an unconventional geographical place name is used, add the popular name in parentheses. Avoid abbreviations.

So that we may keep Headquarters library as complete as possible, please continue to send copies of your publications. Photographs (glossy prints) of members engaged in actual geographic field work are also desired for the files.

Sincerely,

Lucile Quarey Mann

Editor

P.S. Please note the names of new officers and Council members elected at the Triennial Meeting on May 17, 1969, as listed above.

FOR THE 1969 BULLETIN OF THE SOCIETY OF WOMAN GEOGRAPHERS

When possible, please type information. If in longhand, print proper and technical names. If more space is needed to complete any category, use another sheet and number accordingly.
