My dear Sam,

Have thought about you much since we left Santa Fe a month ago. The job of sorting and storing things in Houston was a little too much for me so soon after Santa Fe, so I have had to rest up a bit. I should feel fine again soon.

The weather here has been unbelievably beautiful and warm. We are here at Catalina Foothills Lodge and find it a nice, carefree, place to be. The views are beautiful from here.

Allan joins me in extending our congratulations to you for your "Oscar" award in Oklahoma City!

So glad you could be there to receive it. Hope your "mental telepathy" was in tune on that day, because I thought lots about you, hoping all went well, and that you did get to throw your "stetson" into the ring! Did you really wear it on the plane?

I haven't felt like writing and this is my first note to anyone. We finally got a telephone yesterday.

Must write Dave and Cork soon. Hope all is well with them. We miss all of you.

I know the spring flowers are blooming now in Santa Fe. Be sure and think of us when the lilacs bloom in June. Will write more later.

Love,
Soldie M.

Hi Betsy!
