Dear Miss Gilpin,

Burt and I want to thank you for letting us meet you when we were in Santa Fe last month. Sue Dillion brought us to have you sign our beautiful book. We appreciate you sharing your time, energy, and interests with us. Your graciousness, warmth & friendships will ever be appreciated and make us love our book even more.

Warmest wishes to you from us both. We hope you will have a comfortable winter & I know it will be a busy one.

In deep appreciation

Yours truly

Katherine and Burt Procter
