Dear Miss Gilpin:

I am indeed the person about whom Dave Jones was inquiring...if he is the one I think he is! Do tell him hello for me when next you see him. And include him in an invitation to visit our museum whenever either of you is in the vicinity. I shall enclose a small brochure for your perusal.

We are sorry to say that the charges for your exhibition - as I feared - are too great for us at this time. We shall not forget it - or you. And when we can manage the requisite fees, we shall contact you again.

You may know Steve Wilson or know of his work. His traveling exhibition opened here last year and created quite a stir. It was our first exhibit of photography and I had hoped yours would be the second. C'est la vie!

Thanking you for your letter, I am,

Sincerely yours,

Mrs. James B. Shaeffer
Assistant Director
