Dear Mrs. Hilpin,

To my horror I discovered
that I had not sent you the
check for the second - actual
third photograph. My deep apologies.
Princeton is so pleased with
the one I gave them.

If you should have a portfolio
I might consider purchasing
as a representative group of
your work for Princeton, I
would be happy to consider it.

I hope you are well
and that you are continuing to
produce those beautiful prints.
