Dear Laura,

I don't like to burden you but I want to send a small contribution to the Navaho as a Christmas remembrance and I don't know where to mail it so I've made out the check to you and you could endorse it over to the right organization -

Carol gave me that stunning photo of the Chichen Itza Steps - years ago when I first saw the work

you did in your art, it
was this one which fired
my imagination — and
I thought of you very
often when I visited the
Mayan ruins 4 years
ago — I am giving
our childrens Museum
in Hartford, a copy of
the Enduring Navaho.

With affection

Laura C.
