June 10, 1970

Miss Laura Gilpin
Camino del Monte Sol
Santa Fe, New Mexico

Dear Laura:

It was grand seeing you and we were honored by your participation in the commencement ceremonies. As I mentioned to you, Dr. Roger Shugg, Director of the UNM Press, would like for you to read Cavie Ketchum's dissertation and look at a selection of about fifty of his prints with the idea that a book should be made from this material. I am very excited about the photographs and feel the written portion of the dissertation throws a good deal of light on an aspect of New Mexican culture that is not understood by very many people. I am asking Cavie to bring a copy of his dissertation to you with the prints so that you can take a look at both of them in the next few weeks. Sometime in July please write a note to Dr. Shugg about your reactions to Ketchum's work.

Sincerely,

Van Deren Coke
Chairman
