Amend Drug and Chemical Co.,
117 East 24th St.,
New York, N.Y.

Dear Sirs:-

Many years ago I sued to get chemicals from Eimer and Amend for the special photographic process of had coated platinum. I have been trying to get a small quantity of ferric oxalate in fresh light green flakes. Everything out this way seems to be much too old. I only need a very small quantity, of the following chemicals.

4 Oz. Ferric Ocalate, FRESH
2 lbs. Potassium Oxalate, Neutral
2 oz. Oxalic Acid.
2 oz. Potassium Chlorate

I enclose my check for \$7.50, which may or may not be enough, so please advise.

Hoping that you can furnish to above, particularly the Ferric Oxalate, I am

Very truly yours
