Mr. Ned Hatathli,
Navajo Community College,
Many Farms, R.R.
Chinle, Arizona.

Dear Ned:-

A friend of mine in Hartford Connecticut sent me this check to do with what ever I thought best, so I send it on to you and I know you will find use for it. This friend's name is Mrs. Kenneth Carpenter. Both she and I were named for her Aunt who was one of my mother's closest friends. This is a direct result of the book and I am very pleased indeed to pass along a contribution.

It was very nice to have a call from Milton Blue House and his wife and a friend(?) --Nakai from Red Rock. I couldnt quite find out if she was a relative of our old freinds Francis and Mary Nakai, but I imagine she is. I was particularly interested to find how much Milton was interested in the old ways. This is what I hope his generation would find. He had heard about my book but handnt seen it. He saw it briefly here and I hope he had looked it up in the Library at the Window Rock Museum. And by the way do you have a library at the College? I'll send you a copy if you would like it just as soon as I can.

Shirley and Sammy Day were here not long ago also and I was so glad the hear that Shirley is teaching at the College.

I shall try to come over for a few days before long when we have a break in the weather. I am most anxious to see all that is going on and see some of my old friends.

My best wishes for this, our new Year, and may it me a good one for you and the Ogege,

Most sincerely
