Dear Miss Hoyt:-

Thank you very much for your note about the pictures. I am enclosing a set of proofs so that you may select whatever you wish. One or two proofs are a little light and one or two too dark, but please discount this. They will make good prints. Also with any of them I can enlarge just the head. However any one of them will have to be made to fit the frame. Sometimes these run a little large or small so I will have to have the frame first. I am going to see what I can find this afternoon. There is plenty of time even to get your proofs back if you can return them with your choice marked on the back. These are fadable proofs and will fade in looked at in too strong light.

I can make the print for the frame in a matter of two days' time and send it to you air mail. And I do hope that you will find one or more that you like.

I am so glad to hear of the fine results of your trip to Houston, and I do hope that the second treatment will put you in the very best of health.

I had a busy week in Austin and found endless things to be done on my return. Don't worry, I'll get this all done for you on time.

With best wishes,
